

It Helped Me When I Remembered

(F)

(F) When I woke up this morning

(F) I had joy in my heart

(F) I wanted to thank my Jesus

(F) I didn't know where to start

But I worked it (Bd) out

I got it (F) done

It (C) helped me when I remembered

(F) How God (E) gave (D) His only (C) Begotten (F) Son

(Turn Around Last 2 Lines)

I love singing to my Savior

The Devil hates it when I do

Jesus died for me at Calvary

He said it's finished it's through

He worked it out

He got it done

It helped me when I remembered

How God--gave-- His only—begotten—Son

(Turn Around)

When Gabriel blows his trumpet

And death is rolled away

When Jesus calls us by our name

And you hear our shouts of praise

We've worked out

We've got it done

It helped me when I remembered

How God--Gave--His only—Begotten—Son

It helped me when I remembered

How God--Gave--His only—Begotten—Son
