

GOD WE'VE GOT TO TALK

(G)

Let me tell you a couple of Bible stories--about being hard headed

(Spoken) First there is the story of Jonah---To **(C)** Nineveh God said go
The **(D)** city has turned to wickedness---There's a harvest of lost **(G)** souls
But Jonah reasoned with God---He was too **(C)** old for such a walk
And **(D)** surely you can find someone else--- And Nineveh's no big **(G)** loss

God we've got to talk---We **(C) really need to **(G)** talk**

Take your **(C) time and think it over---You'll **(A)** surely find a better **(D)** way**

****(G)** God we've got to talk---We **(C)** really need to **(G)** talk**

While you're **(C) thinking of an an **(E)** swer-----I can **(D)** wait for another **(G)** day**

(Spoken) Then there is the story of Moses---A another man with a hard head
Like you and me he heard from God---But didn't do what He said
One time he should have listened---Would have saved time and tears
God left him---To wander about---In the desert forty years

(CHORUS)

In the Bible there are stories----Written for the young and old
With lessons to be learned---That's why-----they are told
There are stories of hope and courage---Of God's great love and Grace
Of those who turned their backs on God---And the terrible price they paid

(CHORUS)

We're God's creation----He's our Mentor and our friend
We're created with a purpose---From beginning to the end
He will always give directions---As we travel along life's way
And if we'll just trust in Him---He will never hear us say

(CHORUS)
