

TIE YOUR BOATS UP BOYS

(E)

Tie your boats up (A) boys---We're going (E) fishing
Put your nets (B) away ---For another (E) day
Tie your boats up (A) boys---We're going (E) fishing
Come, follow (B) me---Learn to fish a new (E) way

(E) Now Jesus set out--in the morning sun
He would (A) need a little help--- to get things done
So He (B) went straight away--to the Sea of—Gali (E) lee

(E) He found Peter, Andrew, James and Brother John
Going (A) out fishing--- about the break of dawn
Little (B) did they know—what they were about to (E) be

They were the first--of the chosen twelve
Whom Jesus chose--and He chose them well
Soon they were out---fishing for the souls of men

He choose eight more--to come along side
To spread the word---Like the oceans tide
That's how the path--to the world's salvation began

(CHORUS)

Now time has passed--and His Word is out
It's all around the world--and there is no doubt
These mighty men of God--did one tremendous job

If you would listen--you could hear God's call
Saying get on board--there's room for all
The Old Ship of Zion --is leaving with a load of souls

Its Heaven bound --It could leave today
Come and get on board--and don't be late
Any day now--God could make that call

And when that final--trump does sound
And your feet--come flying off the ground
You'll be so glad--those boys heard Jesus say

(CHORUS)
