

# WHEN THE DEATH WINDS BLOW

(D)

(D) Who will you talk to--- When (G) you are near (D) dying  
(D) Where will you go---- When the death winds (A) blow  
(D) Will you be safe---In the (G) rock---They call (D) Jesus  
(D) Or captured by the Devil--- For the (A) fires down (D) below

(D) Old Satan will always tell you---- There's no need to worry  
(D) Go (G) seek out the pleasures----This world has for (D) you  
(D) He'll say, take someone with---Live life to the fullest  
(D) Don't (G) worry about tomorrow---It'll (A) be there for (D) you

(D) But the bible clearly tells us -----The Devil will deceive us  
(D) And (G) lead us away----Far away from Heaven's (D) door  
(D) While every day he's stealing-----A little more of our joy  
(D) On that (G) wide road of sorrow-----To the (A) fires of Hell (D) below

(CHORUS)

We all are surely given----Our times on this old earth  
But the choices we make---- Will determine where we go  
When the death winds are blowing-----And the end is in sight  
When eternity comes knocking-----Where will you go

Old Satan is out to kill you----But God wants to love you  
And He'll keep you away---From the fires of Hell below  
He's inviting you to live---In a mansion built by Jesus  
With loved ones in Heaven---When the death winds blow

(CHORUS)
