

YOU CAN REST ASSURED

(D)

Hey Brother---Hey Sis--- Old (G) Satan trying to get you (D) down
He'll lie—He'll cheat—He'll (E) find a way to keep you (A) down
He's sly—Like a fox—Always (G) telling you about a better (D) way
But (G) you can rest assured you're all (B) right--- (A) Safe in the arms of (D) God

For (G) greater is He---That (D) fills us with His love
Than (E) all that's in this world
(A) (A-Capella) *Keep your eyes on Heaven above*

Look (D) up---Have peace--As (G) through the valley you (D) trod
(G) You can rest assured--(D) You're all (B) right
(A) Safe in the arms of (D) God

Got troubles---Got woes---Don't let 'em get you down
Lay 'em down---Walk away---Leave 'em at the foot of the cross
Don't ever---Pick 'em up---There's nothing there worthwhile
You can rest assured you're all right---Safe in the arms of God
