

Judy--Why did you go

(D)

Judy—Judy----- (G) why did you (D) go

Judy—Judy-----don't you know I love you (A) so

(D) Judy—Judy—you must (G) know how I feel----- (stop)

You're the only one I (D) ever loved and (A) all I ever (D) will

I built my life around you—a (G) house with all your (D) dreams

A little yard a picket fence—a garden so (A) serene

I (D) even built a porch swing—to (G) sit on in the cool----- (stop)

Now you've gone I (D) sit alone—I (A) feel like such a (D) fool

(MUSIC BREAK)

(CHORUS)

When we first met with no regrets—I took you for my own

Plans were made built on love—as we planned our little home

But now you've gone I'm here alone—to face each lonely day----- (stop)

Judy my love I ask again—why did you go away

(CHORUS)
