

SWEET WILLA Dont You Weep

Oh Sweet Willa don't you (D) weep for me
Oh Sweet Willa don't you (G) weep for me
Oh Sweet Willa don't you (C) weep for me
I'll (G) do all the crying leave it (D) up to (G) me

I saw you walking with another man (X3)
My tears fell when you took his hand

My phone rang and it made me blue (X3)
I didn't answer because it wasn't you

(Chorus)

Trying real hard to get my life on track (X3)
Knowing all this crying won't get you back

My life is over my life is through (X3)
Cause I can't quit crying and missing you
