

Still I Love You

(D)

Still are the roses (A) as I pass (D) by
Still are the (A) hills (G) we used to (D) climb
(G) Still is the (A) stone (G) there at your (D) grave
Still I love you—I'm sure (E) missing you (D) today

(Music Break)

We promised our love for all eternity
We planned for the future you and me
But Angels took you to a home far away
Still I love you--I'm sure missing you today

(Music Break)

Time we spent together was too short a while
Today I would trade for just one more mile
All the lonely miles my old heart must make
Still I love you--I'm sure missing you today
