

## **Lonesome ol train**

**(A)**

**Lonesome (D) train.....Lonesome ol (A) train.....**

**Carry me (E) back to my lovebird in the Southland**

**I know (D) she'll be (E) waiting there for (A) me**

**(A) He left her at the station...holding a big red rose**

**(A) A promise of his love...till he returned once more**

**Lonesome (D) Train.....Lonesome ol (A) train**

**Now he's going back to get her...with plenty of money on hand**

**To buy her a little cabin...and some old good bottom land**

**(Chorus)**

**(Music break)**

**There were people all around him...not one face did he see**

**He was thinking of his sweetheart...in the hills of Tennessee**

**Lonesome train.....Lonesome ol train**

**He had gone to take good job...in a big town far away**

**But now he's coming home... he's coming home today**

**(Chorus)**

**(Music break)**

**She'll be waiting at the station...with a red rose in her hand**

**Wearing a new...store bought dress...looking the best she can**

**Lonesome train.....Lonesome ol train**

**She will throw her arms around him...stopping traffic at the gate**

**Saying she sure has missed her man but it's gonna be worth the wait**

**(CHORUS)**

**Carry me back to my lovebird of the Southland**

**I know she'll be waiting there for me**
