

It Helped me when I Remembered

(D)

When I woke up this morning...I had joy in my heart
I wanted to thank my Jesus...I didn't know where to start
But I worked it (G) out...I got it (D) done
It (A) helped me when I remembered
How (G) God (F#) gave (F) His only (E) Begotten (D) Son
(The last 2 lines of refrain)... (G)... (F#)... (F)... (E)... (D)

I love singing to my Savior...and the Devil hates it when I do
But Jesus took care of that...He said it's finished it's through
He worked it out...He got it done
It helps me when I remember
How God Gave His only Begotten Son

When my praying time is over...with Jesus in command
I set out early each morning...and I walk with Him again
I've worked it out...I've got it done
It helps me when I remember
How God gave His only Begotten Son

When Gabriel sounds the Trumpet...and death is rolled away
When Jesus calls my name out...and you hear shouts of praise
We've worked it out...We've got it done
I'm so glad that I've remembered
How God gave His only Begotten Son

I'm so glad that I've remembered
How God gave His only Begotten Son
